Scampalong

This Scampi 30 was built in 1976 by the Alvdalen yard in Sweden to a Peter Norlen design. Her first owner was on Jersey in the Channel Islands. When she was brought to mainland UK proof of tax paid was provided and is available.

She is currently ashore, not having been sailed for five years. The owner is keen to sell due

to ill health hence the low price.

Scampalong is in need of cosmetic attention but there is no evidence that major work is needed. She will be a good racing boat for a new owner.

The accommodation offers five berths in two cabins. Two berths are in the saloon, where there is a table that folds neatly away when not needed. There is a quarter berth aft of the chart table. Two berths, or , with the infill, a double is available in the forecabin. Adjacent to the forecabin is hanging storage to port with the heads to starboard.

An Eberspacher heating system is present and requires fitting.

The galley is to starboard and has a Plastimo Neptune 2500 two burner gas stove with oven and grill and stainless steel sink.
