Year:	1986	Fuel Type:	Diesel
Condition:	Used		

Samara

A fine example of the popular Westerly Merlin, this model has a bilge keel.

Designed by Ed Dubois, the Westerly Merlin is like a Tardis. The innovative layout offers a total of seven berths without any compromises on space or comfort.

This example is well equipped and has been maintained to a high standard by her present owners. The interior is well presented and includes items such as a new two burner cooker with oven and grill in its inventory.

The hull has been treated with Coppercote so no need for further anti-fouling

The Merlin offers a total of seven berths in three cabins, A large double berth in the fore cabin, a double berth to port and a single to starboard in the saloon and a further double berth in the aft cabin. The aft cabin is particularly spacious and light.

The comfortable saloon has a deck head tastefully finished in wood so no drooping headlining. The large saloon table folds down when not in use.

The navigation table is a good size and is located to starboard, with a wet locker at the base of the companionway, so wet oilskins can be parked conveniently.

The heads compartment is located to starboard aft of the saloon and is equipped with a sea toilet and a wash basin.

Located to port the galley is well equipped with a new twin burner cooker with grill and oven, stainless steel sink and fridge. Oven and sink have covers to create additional worktop space.

Measurements

LOA:	8.74 m	Liferaft Capacity:	4
Beam:	3.02 m	Fuel Tanks #:	1
Min. Draft:	1.04 m	Fuel Tanks Cap.:	72 L
